

**NON-CONFIDENTIAL**

---

1 **Request IR-1:**

2

3 **Reference: NS Power Application, page 35, lines 26-28 and NS Power letter dated**  
4 **September 21, 2015.**

5

6 **NS Power states:**

7

8 **However, for clarity, where a customer has multiple accounts, partial RtR**  
9 **service can be effectively achieved by taking RtR service through some of the**  
10 **individual accounts.**

11

12 **Some customers have multiple meters for their electricity consumption, but are currently**  
13 **billed under a single account. Please confirm that, pursuant to NS Power's Application,**  
14 **such customers could establish a separate account with NS Power that is metered**  
15 **separately from the account under which NS Power provides service, and that such a**  
16 **separately-metered account would be eligible for RtR service once established.**

17

18 **Response IR-1:**

19

20 **It is confirmed that a separately-metered account to an individual RtR Customer Premise, served**  
21 **through a single meter, would be eligible for the supply of electricity under RtR service. Please**  
22 **refer also to SBA IR-6.**
